## Bufs Play Last Home Game Sat.

### New Mexico Cowboys To Face Calm Team Ready to Keep Record of No Defeats

Smarting from the tie game with Sul Ross last week, the Buffaloes settled down to the serious business of getting ready to smother the New Mexico Normal Cowboys at Buffalo Stadium next Saturday afternoon.

The Buffs still remain the only undefeated team in Texas, but the Lobos managed to hang a tie on the otherwise perfect record.

The Cowboys are coming with a stronger team than last year. The Buffs are working serious mindsets to overcome the jitters experienced in the Homecoming game, but are not overconfident as to the result of Saturday's battle.

Saturday will be the last home game of the season, and the last home appearance of four outstanding players of the team. Captain Leo Jackson, Vernon Johnson, Ezell Champion and George Caviness are seniors and will play their last game at Buffalo Stadium.

A large crowd is expected for this game as football fans are expected to see the Buffs settle down to the real seriousness of keeping the record clean for the balance of the season.

## Mrs. H. B. Harrell Killed When Automobile Overturned

Mrs. H. B. Harrell of Gainesville was killed in an automobile accident between Willard and Encino, N. M., Friday. Mrs. Harrell was riding with her sister-in-law, Mrs. E. D. Harrell of Canyon. The car was making a turn when a soft shoulder was hit, overturning the machine. The car was going at a very slow speed and was practically undamaged by the accident. Mrs. Harrell's head hit the mirror in such a manner that her neck was broken.

Mrs. W. T. Davis, daughter of the deceased woman, and Mrs. Alice Stickland, of Duluth, Ga., sister of Dr. Harrell, were in the car.

Dr. H. B. Harrell, husband of the deceased, was with Newton Harrell and Grady Oldham in Newton's car. They were making a short sightseeing trip away from the other car, but were located at Tucumcari. Mr. Oldham drove Mrs. E. D. Harrell's car back to Canyon following the accident.

The body of Mrs. Harrell was taken to her home at Gainesville where the funeral was held Sunday. Mrs. E. D. Harrell and son, Newton, attended the service, returning home Monday.

## Poppy Day Will Be Observed In Canyon Saturday

Poppy Day will be observed this year on Saturday, when memorial poppies to be worn in honor of the World War dead will be sold by the Palo Duro Unit of the American Legion Auxiliary.

The poppies are made by disabled veterans in the Legion hospital.

The poppy is the flower which bloomed on the battle fields of France and Belgium, and was adopted in 1920 as the memorial flower of the American Legion. When the American Legion Auxiliary was organized in 1921, one of its first acts was the adoption of the poppy as the official memorial flower.

Wearing the poppy is a personal tribute to the men who gave their lives in the country's service.

Wearing the poppy also gives the wearer a part in the vast work carried out by the American Legion and Auxiliary for the war's living victims; the disabled, their families and the families of the dead. Every penny contributed for a poppy goes to the support of this work, the bulk of the money being used here in Canyon in child welfare work, and is not limited to children of veterans, but reaches out to include all underprivileged children when aid is available from no other source.

Mr. and Mrs. Jim Rose left Monday for Austin where they will visit with relatives.

## \$187,500 Wheat Checks Received Here by Farmers

### 665 Wheat Growers Are Paid 20.9 Cents Per Bushel Under Old AAA Contracts

Wheat checks amounting to \$187,500 arrived in Canyon Friday and distribution was started Saturday morning. The checks came in payment of 665 Randall county AAA wheat contract payments, constituting the last payment on the contracts which were in force when AAA was terminated on January 6th. There were 1,041 checks in the payment, and practically all had been distributed by Tuesday night.

A few contracts have been held up owing to irregularities, but these difficulties will be adjusted in the near future.

According to County Agent W. H. Upchurch, this payment is at the rate of 20.9 cents per bushel on the allotment for each farm. Six cents, or about 2.8 percent of the 21½ cents rate was withheld for expenses of administration. This is about the same cost of administration that has prevailed for the past three years.

## Safety Week To Be Observed In Canyon Schools

### Pupils to Check Hazards With Parents; The Red Cross Leads In Movement

The American National Red Cross will again this year, conduct a nation-wide safety program for the purpose of preventing and reducing accidents in the home and on the farm.

Only a few years ago a statistician, mulling over fragmentary data on the toll of fatal accidents in the United States, suddenly sat bolt upright in his chair, staring at a sheet of scrawled calculations before him. He had just discovered that during the previous year more people were slain accidentally in the supposed safety of their homes than had lost their lives on the streets or in the waters or throughout industry.

Last year, 1935-36, there were 34,000 people killed, 150,000 crippled, and 5,000,000 injured in and about the home; while on the farm more than 4,000 farmers were killed by accidents. It has been discovered that farming is the most dangerous of all occupations. The two major causes of farm accidents are machinery, 29 percent, and animals, 22 percent.

In an effort to make the American people conscious of the tremendous tool of life and property that has been taken each year by

## Barracks Will Be Ready for Company CCC Men Nov. 15

Work is progressing rapidly on remodeling the barracks at the Palo Duro State Park. The barracks will be ready to receive the new CCC company when it arrives on the 15th.

The barracks are being completely worked over by local carpenters who were employed for this purpose. The buildings were in a bad state of repair after the negro company moved out last week.

The new company will be a junior CCC company, composed of boys from 18 to 25 years of age, and is now located at Bonham.

## Armistice Day Will Be Observed Wednesday

### American Legion Post to Be Guests at Church and Hold Dinner Wednesday at Hall

Armistice Day will be observed by the Palo Duro Post of the American Legion on Sunday and on next Wednesday, Nov. 11th.

Guy Harp, chairman of the Program Committee, has announced the following program:

A special Armistice Day service will be held at the Baptist Church next Sunday morning at 11 o'clock. Rev. J. R. Hicks will preach a special service for the ex-service men. The veterans will meet at the Legion Hall at 10:45 o'clock and will march to the church in a body. Reserved seats will be given the men in the center of the church. Those unable to meet at the Hall are asked to meet the others at the church. All ex-service men are invited to come and to wear their legion caps.

The only program being planned for Armistice Day is a dinner which will be served at the Legion Hall at 12:30 o'clock. All ex-service men of the county are asked to come and to bring their families. Those who have uniforms are requested to wear them on this day.

## Funeral of Former Resident Is Held at Happy Monday

The funeral of Mrs. Anna A. Holden, 81, was held at the Methodist Church in Happy Monday afternoon at 2:00 o'clock. Rev. E. C. Ramsey conducted the services, and interment was directed at the Happy Cemetery by the Griggs-Thompson Funeral Home.

Mrs. Holden will be remembered by old time residents as a sister of Judge C. T. Word, formerly of Canyon but now of Amarillo.

The Holden family lived near Happy for 25 years. Mrs. Holden moved to Ventura, Calif., in 1925. She is survived by four daughters and three sons, but none of them are living in this section.

Mrs. Felix Neff left Monday for Presidio where she will leave Earl Locke with his grandparents. She will later join Mr. Neff, who is with the Soil Conservation Service.

## Educational Conf. Date is Set for March 12-13, 1937

Irby Carruth, president of the Northwest Texas Conference for Education, has announced that the dates for the 1937 Conference have been set for March 12 and 13.

This action was taken at a recent meeting of the Board of Directors. The Board also went on record in favor of asking that superintendents and school boards cooperate with the Conference by leaving these dates open on their local calendars so that teachers and citizens of all communities of the territory can attend. It is expected that schools will be closed on March 12 for the event.

Present at the meeting were Superintendents E. G. Sanders, Samnorwood; Charles M. Rogers of Amarillo; A. D. Cummings, Floyd; and Irby Carruth, Canyon; and J. A. Hill and P. E. Savage, the secretary, of W. T.

## Identity Burned Man Established—Other Escapes

### Murdered Near St. Francis and burned in Car; Body Not Claimed Is Buried Tues. Afternoon

The charred remains of G. L. "Ace" Houston were buried Tuesday afternoon in Dreamland Cemetery when relatives could not be located. The body was found last Wednesday night by A. E. Wesley near the A. W. SoRelle farm in the northeast part of the county in an overturned Ford car, which was nearly burned up. The man was so badly burned that no identifications could be found.

During Thursday three hitchhikers were picked up who admitted they were in the car with two men and one woman. That the men were drinking and engaged in a fight near St. Francis; that the woman had attempted to separate them; that one of the men had been shot, but they immediately left the party; that the wounded man had been picked up by the other who drove away leaving the woman and the three boys.

Sheriff Bob Barnett and deputies combed the county Thursday.

## Cold Wave Hits Monday Making Low Temperature

### 18 Degrees Above Lowest Temperature of the Season on Tuesday of This Week

The coldest wave of the year hit Canyon Monday afternoon at 3:00 o'clock. The temperature dropped 12 degrees in 15 minutes, and went from 64 degrees above to 18 degrees above at 7 o'clock Tuesday morning.

While a cool stiff breeze was blowing all day Tuesday, the temperature stood above the freezing mark. However, it dropped again Tuesday night to 20 degrees above.

The weather forecast is for warmer weather during the week-end.

The open weather of the past week allowed the farmers to save a large percent of the feed crop before the heavy freezes came. This has been the most ideal fall in many years for saving feed, and the farmers took advantage of weather. More silos have been filled this year than usual.

The wind did considerable damage to the feed which was still in the fields Monday afternoon.

## Gunstream Makes Visits To Schools in the Panhandle

John W. Gunstream, Deputy State Superintendent of District No. 1, has begun a series of visits to the schools of the Panhandle which are asking for state salary aid and are working on standardization. Nov. 4 will be spent in Hansford county; Nov. 5 in Ochiltree county and Nov. 6 in Lipscomb county.

School board members, patrons, superintendents and teachers are invited to see Mr. Gunstream while he is in their counties.

Saturday, Nov. 7, Mr. Gunstream will meet with the teachers of Castro county at Dimmitt. Saturday afternoon and Monday, Nov. 9, will be spent in his office at W. T. School officials who wish to see him are invited to transact their business on those days.

Misses Mary Lee Cooper of Kirkland and Hazel Cooper of Lefors spent the week end at the parental C. O. Cooper home.

## Homecoming Is Enjoyed Saturday by Crowd

### Senator Clark of Missouri Talks Regarding Dangers of war in This Nation.

Hundreds of ex-students and parents of W. T. students came Saturday for the 26th annual Homecoming held on the campus.

The morning session was held at the Buffalo Stadium. During the day visitors were given an opportunity to inspect the improvements which have been made on the campus during the past year.

John Snider presided over the barbecue held at noon, and which was enjoyed by the numerous visitors.

Enjoining militant support of President Franklin D. Roosevelt's neutrality legislation as a means of preventing America from entering future international conflicts, U. S. Senator Bennett Champ Clark of Missouri, addressed a large crowd of Homecoming ex-students and parents of W. T. students in Buffalo Stadium Saturday morning.

"In a few days," Senator Clark said, "most of the civilized nations of the world will ceremoniously celebrate the ending of the last great conflagration. These ceremonies will be honoring those who are dead, together with the heroism of those who are yet living."

## Quattlebaum Ends Third Year Here as Pastor M. E. Church

Rev. J. O. Quattlebaum left Tuesday for Houston where he will attend the annual conference of the Methodist Church. All five conferences of Texas are holding a joint session in Houston this year in honor of the Centennial of the Church. Each conference will hold separate business sessions, but the inspirational services will be joint assemblies.

Rev. Quattlebaum closed the year's work Monday, and takes a good report of the local church to the conference. He is closing his third year's work as pastor of the local church.

## LANDON GETS ONLY TWO OF THE 48 STATES

### Overwhelming Vote Is Cast in Favor of the Roosevelt Administration Tuesday

## DEMOCRATS PREVAIL

### Most Sweeping Victory For Democrats Since the Election of Monroe in 1820

President Roosevelt was re-elected for his second term Tuesday by the most overwhelming vote that has been seen in this nation since 1820. Roosevelt will receive 523 electoral votes to only 8 for Landon. Landon carries only two states, Maine and Vermont.

Indications are that the Democratic majority in both the Senate and House will be increased by this unprecedented landslide. The Democratic party won in many states which have hitherto elected Republican Governors and state legislators.

The Republicans took the worst whipping that has been given the party since 1912 when Theodore Roosevelt split the party and Taft received only 8 votes for re-election. Teddy received 88 electoral votes in that election, with Woodrow Wilson being elected.

Randall county joined the nation Tuesday in extending to President Roosevelt and Vice President Garner an overwhelming vote of confidence. 1866 citizens of Randall county went to the polls, marking the largest vote ever cast in this county in a general election.

The vote of Tuesday lacked only 154 of the total cast in the first primary in July, and exceeded the August primary by more than 650.

Interest in the election ran high throughout the day. 100% votes were cast in Canyon, the corridor of the court house being jammed with people throughout the day waiting for an opportunity to cast their ballot.

Roosevelt received 1656 votes in Randall county as compared with 142 for Landon, 3 for Lemke, 2 for Thomas.

Randall county voters approved all of the constitutional amendments, excepting the one on liquor. The vote was as follows:

Liquor control: For, 503; against 958.

Teachers retirement: For, 842; against, 619.

Workmen compensation: For, 900; against 527.

Pardon system: For, 1132; against 299.

Salary increases: For, 859; against 568.

Limitation House members: For, 1084; against, 325.

The only local issue involved in Tuesday's election was a write-in campaign which was started by the friends of J. J. Bauer in precinct No. 3. Mr. Bauer was defeated by D. S. Hill in the July primary. In the write-in campaign, Bauer received 72 votes to 120 cast for Hill, whose name was printed on the ballots.

## Miss Oscie Sanders Attended Bible Session Held in Chicago

Miss Oscie Sanders of the department of Bible of W. T. returned Tuesday from Chicago where she had attended a meeting of the Mid-West Branch of the Society of Biblical Literature and Exegesis.

The sessions were held at the Oriental Institute of the University of Chicago.

A feature of the meeting was an exhibit of Biblical manuscripts and an exhibit of a research project of the Oriental Institute.

The Society of Biblical Literature is made up of people who are interested in advancement and the study of the Bible and of the history of religion. It is a non-sectarian organization.

Charles Stratton of Shamrock spent the week end with his parents, Mr. and Mrs. C. H. Stratton, and attended Homecoming festivities.

## FUTURE UNEMPLOYMENT

The election is over, but the unemployment problem continues, and will continue for years to come. No matter which party might have won the election, this problem would have remained on the doorstep.

A permanent problem was born four years ago when the federal government was forced into this relief business. Both political parties subscribed to the policy of extending relief, but in a different manner.

In spite of improved business conditions, unemployment increases.

Federal relief officials, of whom Harry Hopkins of the WPA is chief, see nothing hard to explain in the apparent anomaly of better business and more indigents. They say that the majority of the unemployed stayed off relief, for some time, receiving support from friends and relatives, but that as these sources of income dried up, they were forced to go on relief. They also say that many unemployed people managed to pull through with their own savings, and that when these people go back to work the relief total is not changed. They point out that drought boosted the relief rolls. And they also point out that industry tends to take back into employment first those who were discharged last—the most skilled and necessary workers. As most of these workers were unemployed for a relatively short time, they did not go on relief to any great extent.

There is another explanation, often made by union labor leaders, to the effect that technological advances in industry—which simply

means the replacement of men with machines—have destroyed hundreds of thousands of jobs in the last few years.

But a conservative economist, Joseph Stagg Lawrence, writing in Scribners, says that census figures show that in the 60 years from 1870 to 1930, which was a period of extraordinary technological progress, "the population increased 218 per cent. In the same period the total gainfully employed rose 278 per cent. The manufacturing and mechanical industries, in which the most impressive technological changes have taken place, show an increase of 414 per cent in jobs." It is the general contention of such economists that technological progress may force men to change jobs, but that it always increases the total of jobs. Prime example of this is the automobile. It killed a big industry—the manufacture of horse-drawn vehicles—but it created half-a-dozen still bigger industries, such as tires, gasoline, repairs, etc.

## ABUSING THE CANDIDATES

Sometimes local candidates think they have a pretty tough job in answering the abuse which is heaped upon them.

Those who listened at the radio attacks made upon President Roosevelt and Governor Landon wonder that any sane man would ever consent to run for President. These men were accused of everything.

The President was held responsible for everything which has gone wrong in the United States during the past four years, and Mr. Landon and Herbert Hoover maintained that the depression would have passed in 1933 had it not been for the scare thrown over the country by Roosevelt's election.

The Democrats naturally fought fire with fire. The President was in and subject to a stinging barrage of criticism.

Mr. Landon was Governor of one state and therefore his public record was open to fire. His lack of a national viewpoint was severely condemned.

Abusing the candidates is a great American pastime which has only one lasting result—to lower the dignity of office holding, and to lessen the public's appreciation of the government.

Many people did not go to the stadium Saturday to hear Senator Clark because they were of the opinion he was going to deliver a political address. They missed a

fine presentation of the causes of war and the men who are responsible for war. The interlocking interest of the munition makers of the world has been clearly exposed by the congressional investigation conducted by Senator Clark and his colleagues. Patriotism is no longer the basis of war, but war is promoted by a few men who make millions of dollars while their less fortunate brothers are slaughtered in the trenches. The only solution is the conscription of munition plants and all implements of war the same as men were conscripted in the world war. Take the profit out of war, and the great incentive for war has been removed. 80 millions of people were shattered whether in actual conflict, or as a by-product of war. 10% of the wealth of this nation was squandered; 30% of the wealth of England went this route; while France lost 50% of her wealth. Why? In order that the munition makers should make a profit of millions of dollars. The record displayed by Senator Clark was amazing. The DuPonts and Morgans of this nation have been shown to be interested in the munition works of other nations. A terrible situation has been exposed by Senator Clark and his committee. As Armistice Day approached, men and women of this nation should take stock and find out where this nation is drifting in this war-mad world.

Senator Clint Small pulled the legislature and the tax payers out of a bad hole, but the Governor gets the credit. The Dallas News and other daily newspapers have loudly praised Governor Allred for his stand to deliberalize the pension bill. The fact is that Senator Small wrote this bill and passed it through the Senate before Governor Allred made his views public. He did a brave thing in appearing before the House and advocating the passage of the Small bill, but the ice was broken by the Senator from the Panhandle, and to him goes the credit of starting this bill on its way. Keep the record straight and give credit to those who deserve it.

The Texas Centennial will be opened during 1937. The decision was announced Saturday after a conference between the directors and the exhibitors. A bigger and better show will be provided in 1937 than was given this year, so the announcement runs. No doubt the legislature will be requested to assist in carrying on the advertising plan next year which proved so successful this year in bringing a big crowd to the Centennial.

Those who expect to see state taxes reduced, or even maintained at their present level are certain of disappointment. \$20,000,000 relief bonds are outstanding. The state has assumed old age assistance which will cost approximately \$15,000,000 annually. The state is now more than \$10,000,000 in the red. The new legislature which convenes in January will have plenty of work ahead.

In 1928 the DuPonts contributed \$150,000 to Al Smith's war chest. Poor old Al may not have really wished to desert his life long friend, President Roosevelt, in this campaign, but having been delivered soul and body into the munition camp, what else was there for him to do? The DuPonts were listed as among the most liberal donors to Governor Landon.

All economists predict an improved future. The Panhandle will show the balance of the nation how to stage a rapid recovery if moisture will continue falling throughout the winter and next year.

## LAWYERS AND LAWMAKING

Canyon News: The average citizen is to be excused for not understanding the laws of the nation when the nine members of the United States Supreme Court seldom agree as to the meaning of our laws. A majority of all legislators are lawyers; a majority of the congressmen are lawyers, yet these bodies cannot write laws which may be interpreted by the various courts, and especially by the Supreme Court. Incidentally, what has become of all the furor which was heard about the decisions of the court only a few months ago?

E. I. Hill in Tahoka News: The sharp practices of many lawyers in our courts and the ingenuity and even trickery of some lawyer members of the legislature have created considerable prejudice against the whole tribe. Many bills written even by lawyers are loosely drawn to start with and are often made more ambiguous by numerous amendments, so that when they go into operation their exact meaning or their constitutionality are brought into question in the courts by keen lawyers who have studied them with a view to finding flaws. But we are wondering if our laws would be better written if there were no lawyers in the legislature or in congress. Our honest opinion is that in such case there would be ten times as many flaws in our laws. We need good lawyers in our legislative bodies as we need college graduates in our school rooms and trained writers like Mr. Warwick as editors of our papers.

Mr. Hill is eminently correct about the need of good lawyers serving in the legislative halls. More certainly The News did not mean to infer that lawyers should be excluded from legislative halls. We are of the opinion that the very best lawyers, the men of the best training, honest and conscientious lawyers should be elected to the legislature and to congress and kept there as long as they will serve.

The great drawback in legislation is the fact that too many fresh from college lawyers, and lawyers who have made a failure in their practice are elected. These are the birds who make a mess of things.

But the legislature should not be composed exclusively of lawyers. There is need of a composite cross section of the state in legislative halls—lawyers, doctors, dentist, merchants, farmers, teachers, newspaper men, etc. Only in this manner will just legislation affecting all phases of business be based. But the tragedy of the whole legislative setup is that a

## Buff-Lobo Fracas Terminated Saturday In A Scoreless Tie

### Baggettmen Retain Title As Sole Unbeaten Texas Team

Sul Ross' red and gray wave rolled out of the Big Bend country to avenge their 7-6 loss and battle the favored West Texas State Buffaloes to a scoreless tie in Buffalo Stadium, Saturday afternoon before a capacity crowd of 3500.

In realizing the unexpected tie game, the Lobos spoiled the lofty aspirations of the Buffs in contriving to ring up the only untied and undefeated season in the club's history.

**Statistics Favor Buffs**  
Statistical compilations favor the Buffaloes in every department of the game. They piled up 10 first downs to the Lobos' 4, marched

for 136 yards from scrimmage to the visitors' 93. Champion punted 6 times for a 34 yard average, while Archer and Murray booted 8 times for a 33 yard average. The Buffs registered 7 passes for 84 yards and Lobos clicked 3 times for 67 yards. One Lobo pass from Archer to Gregg was completed for 46 yards and ended on the six yard line to give the invaders their long 20 yard penetration.

It was the brilliant, blustering drive of fullback Wood "Cub" Dow that stood out for the Bison herd. He was aided in the running duties by Conway Butler and Tom Slack. Lanky Toby Waggoner, Captain Leo Jackson, "Wee Willie" Harp and rugged Vernon Johnson contributed a rare brand of defensive football.

**Heffenbrock Is Lobo Star**  
Left end Gregg supplied a spark of first-rate football by consistently sifting through the blocking array to stop the ball-toter. Halfback Heffenbrock skidded and slithered through the Buff line for the majority of the Lobo gains.

that commenced on the Lobo 43. Slack and Dow split the running obligations and the thrust was stemmed on the 11. A penalty and two losses threw the ball back to the 24 where Craig Walling was pulled out of the line for an attempted field goal. His attempt failed by a few feet.

Wood Dow took matters into his own hands in the fourth quarter to pound the line for a series of short gains. A 15 yard sprint off right tackle placed the leather on the 23. Two running plays progressed to the 19 where Foster Watkins missed another field goal by inches. The game ended a few moments later.

## WT Junior Calves Avenge Previous Happy Defeat 6-0

Pushing over a touchdown in the third period, the W. T. Junior Calves squeezed out a 6-0 win over a rugged bunch of Happy Junior Cowboys Thursday afternoon and avenged a previous 9-0 defeat.

The single score of the heated battle came as a result of a blocked punt which was recovered behind the goal marker by "Colonel".

Hodges, Calf half.  
The game featured hard running and vicious tackling on the part of both elevens.

Big Everett Harvey, Happy full-back, was the potent factor in the Cowboy lineup, while "Red" Jones and Glenn Olson, Calf backs, turned in a good game for Canyon.

## SENORAS NUEVAS CLUB

Last Wednesday afternoon, Oct. 28, Mrs. Levi Cole delightfully entertained members of the Las Senoras Nuevas Club at her home with several tables of bridge. Very attractive favors, score cards, and tallies suggestive of Halloween were used.

A salad course with doughnuts and Halloween candies were served. Present were: Mrs. J. Madison Daugherty, Mrs. A. K. Goodman, Mrs. Robert W. Foster, Mrs. Aubrey Fox, Mrs. Newton Crain, Mrs. R. E. Ball, Mrs. Tom Brasher, Mrs. A. W. Hawks, Mrs. W. E. Miller, Mrs. H. H. Prichard, Mrs. Mitchell Jones, Mrs. Andy Walsh, and Mrs. Owen Williams. Mrs. J. L. Duffot and Mrs. W. C. Black were special guests.

## RALPH CLUB ENTERTAINS

## FAMILIES FRIDAY

The Ralph Home Demonstration Club entertained their families with a Halloween party at the school house Friday night, Oct. 30.

Halloween decorations, suggesting the home of spooks by the use of shocks of feed, jack-o lanterns, owls and bats, were used. Typical games were played during the evening. Bobbing for apples was especially enjoyed by the children.

At a late hour a spread of sandwiches, cakes, hot chocolate, and pop corn balls was enjoyed by a very large crowd.

## HICKMAN ENTERTAINS

## WITH SEATED TEA

Fall flowers furnished the background for the seated tea with which Miss Helen Hickman entertained her table guests from Cousins Hall Thursday afternoon.

Miss Hickman read each guest's fortune from the tea leaves.

The special guest was Miss Edna Graham, dean of women. Table guests were Mary Helen Jensen, Geneva Sue Benton, Sybil Shipp, Evelyn Barrows, Willie Lou Barrows, Louise Evans, Florence Marie Hale, Marjorie Pruett, and Odessa Winkler.

WIENER ROAST AND SPOOK  
PARTY FOR CLUB

The wiener roast and Halloween party given at the Harding Ranch by the Park Home Demonstration Club for its families and friends was well attended and everyone seemed to enjoy it.

"Ruth and Jacob," and the walking cane relay were games affording loads of laughs and excitement. A Spook Cave in the basement lent the wierd touch of Halloween.

The club extends a vote of thanks to Mr. and Mrs. W. E. Bennett for the use of the ranch house, and to the Burch school for the cups and spoons.

Guests present were: Mrs. Bourland, Canyon; Mr. and Mrs. W. S. Bennett and sons, Pampa; and Mr. and Mrs. Robert Fuller, Mr. and Mrs. Irby Brummett, Miss Maxine Traylor, Frank Meyers, Carl Brown, B. F. Hallmark, and Roy Lee Burch.

A. A. U. W. HAS MEETING AT  
KERR HOUSE MONDAY

The American Association of University Women met Monday evening, Nov. 2, at the Kerr house. Various groups outlined work for the following year.

The Personality group, under the leadership of Mrs. T. B. McCarter, had an interesting discussion of the meaning and general aspects of personality.

Miss Ruth Cross, as guest speaker, presented a delightful program on creating dance studies. This was demonstrated by a group of girls from W. T.

Mrs. Milton Morris, in a pleasing manner, reviewed Margaret Mitchell's "Gone With the Wind." Miss Ada V. Clark gave the author's life history.

A short business meeting followed the general discussion.

Refreshments were served by Miss Darthula Walker, Miss Margaret Wiley, Misses Grace and Ada V. Clark, Mrs. Laura Saunders, and Mrs. A. B. Brown, who were hostesses for the occasion.

MRS. J. H. COX HAS  
MISSION CIRCLE

The Rose Appleby Circle met with Mrs. J. H. Cox, Jr., Tuesday afternoon in Mission study of Baptist Missions in Nigeria. This was conducted by Mrs. A. K. Goodman.

## Complete Records of Supreme Court Now In Library

Supplementing the government and history courses, a file of the records of the Supreme Court of the United States from 1789 until last year in 300 volumes has been added to the books in the government document section of the library.

Later, the books will be placed in the main library for the use of all students. With the documents which the library receives each week as a result of its being chosen as the Panhandle's store for this type of literature, the records of the Supreme Court are capable of furnishing material for the use of practicing lawyers of the Panhandle as well as the pre-law students of W. T.

S. H. Condon, head of the government department of W. T., in discussing the addition of these volumes to the library, said, "My next move will be to secure the Southwestern Reporter which will complete our usable court records. They are the very heart of our Government courses, and will be so even more as the students learn to use them."

## New Bleachers To Be Completed By End of Week

New concrete bleachers, now under construction at Buffalo Stadium are scheduled for completion next week, but will not be ready for use during the football game next Saturday, Coach Al Baggett announced yesterday.

A four hundred dollar electric score-board and clock, erected at the north end of the playing field through the courtesy of the Phillips Petroleum Co., will be completed and in use at the Buffalo-NMMU game Saturday afternoon, Baggett said.

Completion of the new bleachers will bring the seating capacity of the stadium to more than four thousand. The stadium proper, with a capacity of approximately three thousand, is being supplemented by concrete bleachers with a total capacity of 1150. The work is being done under the auspices of the Works Progress Administration, bleachers being erected at both sides of the playing field.

Learn the amazing benefits of GULFPRIDE

THE WORLD'S FINEST MOTOR OIL

WHY is it that no other motor oil in all the world can deliver the performance of GULFPRIDE OIL?

Because only GULFPRIDE starts from the finest Pennsylvania crudes . . . is refined to the same point as other fine motor oils . . . and is then further refined by Gulf's exclusive Alchlor process!

This process is the most efficient ever developed—the fruit of 15 years' research by Gulf scientists—men who stand behind every Gulf product.

Read the facts on this page. Then drive into any Gulf dealer's—and replace your old summer-worn oil with GULFPRIDE now.

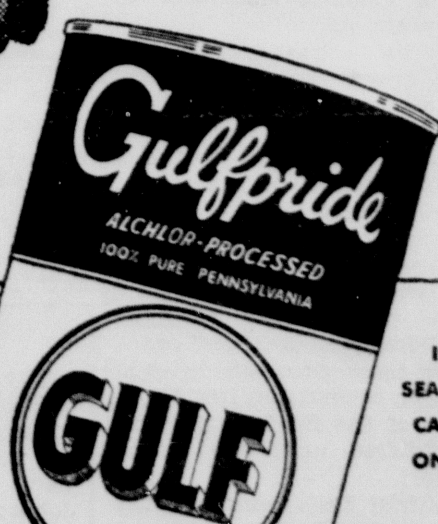

THE ALCHLOR PROCESS removes all sludge and residue. Proof: we took 6 of the finest Pennsylvania oils we could buy and put them through the Alchlor process. It removed 20% waste from already highly refined oils! Be wise—get GULFPRIDE—the only oil that has this head start.

(Above)—MANY WORLD'S RECORDS on land, sea, and in the air have been set with GULFPRIDE OIL. Racing drivers, fliers, speedboat pilots swear by it. Proved in the toughest competition, GULFPRIDE will outwear, outlast, and outperform any oil you ever used in your car!

(Left)—4 TIMES AROUND EARTH. A man drove his automobile on GULFPRIDE OIL 100,000 miles—without ever needing a repair, without ever having the head off the motor, without ever adding one drop of oil between drains. Expect great things of GULFPRIDE—you'll get them!

# THE EAGLE'S TALE

Welcome  
Exes!

Cactus Cal

Hi ya, Polks  
Wal, I guess we kinda pulled the wool over Happy's eyes by beating them so much. At the half Happy led 6 to 0, but you Eagles kept on fighting and we were all still behind you. If you could have seen and heard them Peppers yelling when you were winning or losing both, you'd know they'd never let you down.

There shore was a lot of spooking going on last week-end; and by the way, I was requested to put in that the kids didn't like for "W. T." to be written on the front steps; so I guess they didn't like it.

Coaches Hutto and Brown have a lot of previous engagements to leave parties for. We wonder? Or do we?

I shore did like the way Polly Cluck was crowned queen of Hallowe'en. I think that more people ought to have the honor of being busted.

Jack, we shore are glad you're back in school and we hope you will lead them Eagles to a victory over Dalhart.

Boom! Boom!  
What's coming?  
Dalhart.

Come on! Dal Harts are filled with victory. We'll win and never lose.

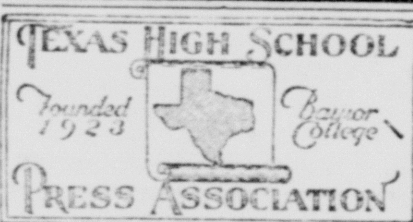

Yours til Prich, falls in love.

Cactus.

P. S.: Wal, here's to you Kelly! It shore wuz a close race an ya shore had a good opponent, but we're expectin' lots from ya now.

That must have been a pretty nice Mother-Daughter banquet last night, from all I hear. I wish I wuz a mother with a daughter takin' Home Economics.

Cactus.

## OBSERVE EDUCATION WEEK

Did you know that next week is Education Week? We wonder if all of the parents will observe their child at work. What is your child doing in school work? Does he recite promptly, or do you know? Most parents sign a report card hoping that the child will do better, or else they make some excuse about his grades.

The purpose of Education Week is to inform the parents and clubs or organizations what the schools are doing for the welfare of the child and nation.

All parents are urged to visit the school that they may see what kind of work is being carried on by the schools.

"Your hearty co-operation is solicited in the endeavor to secure the best development of your child."

## SAFETY FIRST

Statistics reveal that accidents to pupils in elementary and high schools throughout the country caused a total absence of 2,160,000 pupil-days during the school year of 1935-36. These losses do not include the accidental deaths occurring to children from five to fourteen years old.

During the school year, accidents to pupils occur most frequently at home and at places away from the home and school. Accidents in the school buildings totaled 19 per cent and those on the school grounds another 19 per cent. Only 8 per cent of the accidents occur when the pupils are on their way to or from school.

Without doubt, many accidents were "children and matches" cases, and many more were due to children playing around bonfires. Probably most of the fatal scalds were among children under five years old.

Boys! Girls! Let's work together for greater safety in the school and

### Eagles Defeat the Happy Cowboys In Thriller

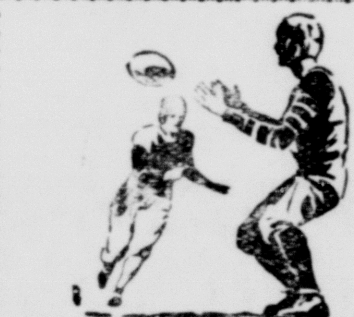

The Canyon Eagles, all pepped up for the Happy Cowboys, took them for a 25-12 defeat last Friday afternoon on the Buffalo gridiron.

Happy, after reaching the 12 yard line, threw a pass to Red Gasaway, which was good for a touchdown; the try for point was no good.

**Eagles Stage Comeback**  
The Eagles came back into the game after the half to win the ball game. The Eagles took the pigskin from their own 40 yard line to score on Happy. Rusk, big back for the Eagles, showed his line-driving and end-running technique, followed by Butler and Gill, two more hard-driving Eagles. The whole Eagle line took the Cowboys out, and made it possible for Rusk to reach pay dirt for the Eagles. Drummond made the try for point good.

The Eagles again took the ball on Happy's 30-yard line; and with perfect team work, Drummond carried the ball for the second touchdown. The try for point was no good. Happy, unable to make yards on the ground, took to the air. The Cowboys, pulling the Eagles' defense off on a pass play, cut back and made a touchdown. Most of the Eagles were cut down by determined Cowboys. The try for point failed.

**Last Minute Touchdown**  
The Eagles received the ball and again carried it over for a touchdown. Drummond making a 19-yard run for the score. The point was no good. Happy received the kick. The star quarterback, of the second string for the Eagles, Alvis Ford, intercepted a pass and shook off 19 yards for another touchdown; again the try for point was no good. The final score was Canyon 25, Happy 12.

## Gridiron Gossip

By Bulldog

Boy! Oh boy! Did you see that Happy game? Those Eagles really flew over the Happy Cowboys. The boys certainly did live up to their threats, such as:

"We're going to rope us a cowboy this afternoon," and "watch us take them Cowboys and work 'em over."

Lavert Avert is really getting the big head over his coaching. Last Friday afternoon in the last minute of the game the junior team, coached by Lavert, was substituted. Alvis Ford intercepted a Happy pass and flew across the line to pay dirt. Now Lavert is thinking of applying for a job as coach. Nice going, Alvis!

**Happy Out of Race**  
Well, it looks like Happy is thrown out of the race for district championship, leaving the Canyon Eagles, the Tulsa Hornets, and the Hereford White Faces, but if the White Faces defeat the Hornets, and the Eagles defeat the White Faces, it will throw these teams into a three-way tie, giving the Eagles another crack at the district championship.

Next week the Eagles play Dalhart, which is their last out-of-district game this season. The game will be on the opponents' soil. After that the Eagles will play Hereford, their last scheduled game of the season.

**Middleton Back**  
Jack Middleton returned to school last Monday morning after a week's absence due to a lung injury received in the Tulsa game.

home. Be sure that the matches are out of reach of younger children. Help them by teaching them rules of safety. Reduce the accidental deaths of children; don't help to kill these children by your carelessness.

## CORRECTION

The following names were accidentally left off the grade school honor roll for the first six weeks: Martha Jean Dowd, Carol Burgess, and Giovanna Johnson.

Melvin Calliham will take the chair at the next meeting of the student council. Yes, the big election is over; all votes are in and counted; and the results have been received by the press. After persuasive speeches by campaign managers and candidates for the student council presidency, the "uneducated masses" Monday made up their minds as to whom they preferred to lead the way for them. With the result that Calliham was victorious over his Conservative opponent, C. L. Drummond.

Marielle Oldham, Lillian Chambers, and Mr. Gerald Brown represented the two parties and the faculty in the counting of the votes; their final result was Calliham, 82; Drummond, 74.

Billy Greenfield and Lillian Chambers, campaign managers for Calliham and Drummond, respectively, made introductory speeches in assembly Monday morning, after which the candidates made their final campaign speeches.

**Liberal Party Platform**  
The Liberal Party platform was, generally, as follows: to control loitering in the halls by making it possible for every student to take part in some recreation; to control assembly by making interesting programs instead of making laws and rules; to co-operate with the athletic department by doing everything in its power to increase attendance at both football and basketball games; to organize a pep unit consisting of freshmen and sub-freshmen, wearing white uniforms in contrast to the purple ones of the regular pep squad and in co-ordination with the school colors; to form a "C" Club, to be made up of both boys and girls, corresponding to the "T" Club at the Teachers College; to make play day more enjoyable than it has ever been before and to arrange it so that it will be open to all; and to better fire drills.

**Election Laws Enforced**  
The polls opened at noon Monday; everyone who had paid his library fee was entitled to vote. The ballots were cast during noon hour and after school, being held until all votes had been turned in. No electioneering was allowed inside a certain zone; and the officers who directed the election, namely, Kate Donnell, Carolyn Mayfield, and Lillian Chambers, enforced this and other such laws as are commonly in force at the regular polls.

**GUESS WHO?**  
A black-headed teacher, Athletic and smart; He's interested in politics And drives a "Chevrolet cart." Answer to last week's Guess Who—C. L. Drummond.

Jack is up and full of pep; he wants to get out and fight under the Eagles' colors at Dalhart. When Jack walked into assembly Monday morning, last and, he thought, unnoticed, the assembly broke into loud applause before he had walked three feet.

By the way the Cowboys-Eagles football game last Friday evening was dedicated to Captain Middleton, and they really dedicated it in a big way, 25 to 12.

Here's to you, Eagles! Here's to your health, Jack! Let's see you take Dalhart and then beat our everlasting opponents, the Hereford White Faces.

## High School Classes Have Hallowe'en Parties

Hallowe'en parties were given the seniors, juniors, sophomores, and freshmen during the last week.

Mr. and Mrs. John B. Pope, principal of the high school, entertained the senior class with a party last Friday evening at their home. Table games of monopoly, anagrams, table marbles, football, bingo, and forty-two were played.

Refreshments of sandwiches, cocoa, and cookies were prepared and served by Mrs. Pope, Billy Greenfield, Mary Collins, and Evelyn Cluck.

**Party at Club**  
Entering the large dark Palo Duro Club House Friday evening, the Junior class gathered around the fire place to hear a ghost story which was told by their sponsor, Mr. Gerald Brown. The lights were then turned on, and such games as bobbing for apples, fortune telling, and visiting the ghost room were in order. Refreshments of gingerbread with whipped cream and nuts, and hot chocolate with marshmallows were served to the class and one guest, Mr. H. G. Moore, teacher of English and public speaking in the high school. The lights were again turned out and Mr. Moore told several stories before leaving the party.

The sophomore class gathered in the high school gymnasium Monday evening, Oct. 26. Guests placed sacks over their heads to play, chose partners by pinning numbers on each person and finding numbers which matched. Refreshments of baked apples, snacks, ginger ale and cookies were served.

**Freshmen Celebrate**  
Last Saturday night the freshmen had a party in the school gymnasium. They visited the house of horrors, played winkum, flying dutchman, and crosswords and crooked answers. Pumpkin pie, cocoa, and jelly beans were served. After the party the class went as a whole to the midnight matinee.

Pupils in the elementary grades also had several parties during the week.

## WELCOME EXES

We, the present students of Canyon High School, welcome you, the ex-students of Canyon High, back into the halls of learning. The old school hasn't changed much, except that there are many new faces present and many memories of days gone by are recalled by the pictures of graduating classes now hanging in the hall.

You, the exes, remember classes attended years ago as vividly as though it was only yesterday that you, too, carried books down these halls and carved your initials on the very seats, that someone else sits in now. You look in the auditorium and sigh as you recall the programs attended there; and then you sigh again as you recall the never-to-be-forgotten night you proudly strutted across the stage to receive your diploma.

Perhaps many of you would like to weep when you see the pictures on the walls of the halls. You see pictures of classmates who are now dead and of classmates who have moved away. Perhaps you do not know where some of the old grads are, but when you see his or her picture you "remember when."

If you are tempted to let the tears fall at times like this, go right ahead. We of C. H. S. today understand and only wish to say we will be one of you and will return to C. H. S. on homecoming to dig up memories of the past.

## Beck's Hobby Is Dramatics

Dramatics, especially make-up, is Mr. Gordon Beck's hobby. He is interested in production and direction rather than in acting himself, and he intends to take his master's degree in direction. His ambition is to direct motion pictures.

Mr. Beck went to high school at Floyd, N. M. He moved to Canyon ten years ago, and attended West Texas State Teachers College. He was graduated in 1931, with a major in public speaking. He is married and has two sons, Gordon Earl and Robert Byron.

Wrestling, tumbling, and other physical education activities hold his interest in athletics.

"I guess people from New Mexico like brown beans; so that is my favorite food," he said.

He likes color in his clothes, and "my wife has a hard time keeping me from getting too much red in my ties."

Mr. Beck was teacher of public speaking at Lazbuddy and Adrian for five years, and is now teaching history in the grade school.

## EX-STUDENT BANQUET WILL BE HELD TOMORROW NITE

The annual Ex-student banquet will be held at the Presbyterian Church Friday evening, Nov. 6, at 7:30 o'clock. The banquet will be carried out in the form of a circus.

Miss Virginia Jarrett has been named chairman of the program committee; Miss Gwendolyn Black chairman of the decorating committee; and Mrs. John Davis publicity chairman. Cards have been mailed to all ex-students by Mrs. Davis, and everyone is urged to attend.

Miss Jewell Foster spent the week end in Amarillo and at her home in Dumas.

Hudson Prichard Jr., will play a cornet solo.

## New Units Started In Grade School

Several new units of work are being taken up by the different rooms of the grade school. Also several pupils have moved away to other schools. Annette Campbell, second grade pupil, moved to Iowa Park, Texas; Dan Cabe, sixth grade has moved to Roswell, N. M. Felix Shuman, also a pupil of the sixth grade, has moved to Spearman, Texas. Earle Lock Neff, pupil of the fourth grade, has moved to Presidio, Texas.

The new units of work will not be described until next week as the pupils have not yet completed their plans.

Miss Gladys McClanahan's third and fourth grades surprised her with a fruit shower Friday morning, Oct. 30. The fruit, in a decorated Hallowe'en box, was on Miss McClanahan's desk when she entered the room.

## FULL HOLIDAY TO BE HELD ARMISTICE DAY

A full holiday has been announced by the principal, Mr. John B. Pope, for Wednesday, Nov. 11. Every year a holiday is given honoring Armistice Day.

The school usually has some program, but there have been no definite plans announced yet for the celebration of the day.

## THE THOUGHT OF THE WEEK

Education is a conquest, not a bequest. It cannot be given; it must be achieved.

Billy Greenfield had the following girls as her guests for lunch Saturday: Carolyn Mayfield, Marie O'Donald, Helen Hurst, Mary Catherine Wirt, Natalie Flesher, and Kate Donnell.

Mary Catherine Wirt and Billy Greenfield spent Saturday night and Sunday with Kate Donnell.

In the glowworm family, only the female is luminous, while in the genus homo, it's usually the male who gets lit.

## Eagles Will Battle Dalhart Wolves Friday

With an overwhelming victory over the Happy Cowboys fresh in their minds, the Canyon Eagles will invade the Dalhart Wolves' territory tomorrow afternoon in an attempt to add another win to their list.

The Wolves have won over their section and have confidence in defeating the Eagles tomorrow.

The Eagles have their minds set on winning this game. They say that they won't disappoint the fans.

## Carruth Entertains Educators

Mr. I. B. Carruth gave a dinner Saturday evening, Oct. 30, in the Home Economics room of the Canyon High School, honoring the executive committee to arrange plans for an educational conference for the second week in March. Fifteen members were present. The N. Y. A. girls and some of the third-year home economics girls prepared and served the following dinner: Virginia baked ham, with red apples around it; candied sweet potatoes; English peas; Waldorf salad; pickles; biscuits; butter, and pumpkin pie with whipped cream and coffee.

The room was decorated with cut flowers, furnished by Mrs. W. H. Stroud and Mrs. S. W. Johnson. The centerpiece was a large pumpkin with autumn leaves and all kinds of fruit around it. The girls did all of the work without help from their teacher, Miss Fannie Sue Brasuel, who stated, "I want them to be given full credit."

## Girls Progress In Basketball

The girls' basketball team is progressing rapidly in drills on the fundamentals and team work required to form a winning team. Coach Gerald Brown asserts that the material is good and work is progressing rapidly.

The outstanding candidates for the teams, as picked by Coach Brown are as follows: Guards, Mary Collins, Billy Greenfield, Natalie Flesher, Mavis Harden, Dell Bagley, Raynell Rigby, Mary Bourn, and Mary Jo Avert; forwards, Kate Donnell, Wanda Brock, Renna Beth Bellah, Edrie McNeil, Carolyn Mayfield, Mary Horn, Anna Ruth Schmitz, and Sunshine Harden.

According to Coach Brown, there are also several beginners and freshmen who are progressing rapidly and will push some of the more experienced hands for positions on the team before long.

An invitation tournament is being planned for December 5-6. Teams from Friona, Hereford, Tulsa, Happy, Dimmitt, and several other towns will probably be here for the tournament. A pre-season game with Happy is being arranged for a few weeks from now.

## MRS. FRANK TALKS TO BIBLE CLASS

"A good name is rather to be chosen than great riches" was the subject discussed by Mrs. Frank, who is holding a revival at the Church of God, as guest teacher for Mr. John B. Pope's Bible class Monday morning.

"I advise everyone to read the book of Proverbs, because it appeals to everyone's personal life," said Mrs. Frank.

Lochinvar, while Martha Jo Newlin portrayed the bride, and Kate Donnell the hard-hearted father of the bride.

The sixth grade put on a midget show, under the direction of Mrs. John M. Davis.

The T-Anchor Cowboys played several selections.

A half-woman-half-man wedding was given by the town Book Club with Mrs. Mitchell Jones both the bride and the groom.

Then came the crowning of the queen, her Royal Highness Polly Cluck. As Kate Donnell and Marie O'Donald played a snappy duet, Princes Athalee Overton, escorted by Alton Brasuel, both exes of '34, entered. Next came Princess Billy Greenfield and her escort, Jack Inman, both seniors. Then came the queen in person, escorted by Eston Breitling, a sophomore. The queen, in a clown costume, was crowned over the head with a drum beater, by the master of ceremonies, the devil himself, Melvin Calliham. The princesses and their escorts were dressed in Hallowe'en costumes.

Mrs. R. E. Ball ended the celebration by presenting Miss Annie Ruth Eastus, sponsor of the Pep Squad, and Mary Collins, editor of The Eagle's Tale, a check each for \$3.00, as prizes for the best stunt and for the concession making the most money.

At 10 o'clock the crowd gathered again in the high school auditorium for the stunts and the crowning of the carnival queen.

The Pep Squad stunt, "Lochinvar," won first place and a \$3-prize from the Parent-Teacher Association. Mary Collins acted as

## Recognition For Parents and Exes Begins Program

### Members of Executive Council Seated on Platform

As the opening feature of the 26th Annual Homecoming Day celebration, Pres. J. A. Hill conducted a special recognition service honoring parents and ex-students at Buffalo Stadium at 10 o'clock Saturday morning.

The program was conducted immediately preceding the Homecoming Day address of U. S. Senator Bennett Champ Clark, Missouri.

Members of the Executive Council of the Ex-Students Association, headed by Lee Gilmore, president of the Association and Superintendent of the Wheeler Public Schools, were given places of honor on the speakers' platform, and were introduced by Dr. Hill to a large Homecoming crowd seated in the stadium.

Members of the Council included George Heath, past president; Mrs. Lee Johnson, secretary-treasurer; J. B. Speer, Miss Fannie Sue Brasuel, L. H. Rhodes, and P. M. Sawyer. John McCarty, prominent member of the council, and editor

and associate publisher of the Amarillo Daily News, was unable to be present for the welcoming service.

Miss Anna Hibbets, faculty representative and chairman of the Alumni Committee; G. H. Little, newly-elected representative from the 123rd district; Mayor C. R. Burrow; W. A. Warren, president of the Canyon Chamber of Commerce; Dr. R. P. Jarrett, dean of the College; Dr. Harris M. Cook, dean of men; Wallace R. Clark, chairman of the lyceum committee; Dr. Law Sone, president of Texas Wesleyan College of Fort Worth; and John E. Hill of Amarillo and Senator R. A. Stuart of Ft. Worth, members of the Board of Regents, were also accorded places of honor on the speakers' stand and were introduced by Dr. Hill.

As a special feature of the opening program, parents of W. T. students; and ex-students of the college by decades from 1910 to 1935, were accorded recognition.

The Buffalo Band and the Canyon High School Girls' Drum Corps entertained during the welcoming program.

### Sheffy Is Author of Article Printed in Cattle Journal

Recounting the history of the cattle industry in Texas in general and the connection between British capital and Hereford stock, an article entitled "British Pounds and British Purebreds" written by L. F. Sheffy of the history department, appeared in the issue of The Am-

FOR extra fast cold-weather starting, your motor must have a gasoline that is extra high test. Phillips 66 Poly Gas meets this specification right down to the last "T".

Because it is made by the WORLD'S LARGEST PRODUCER of natural high test gasoline... because it is 100% custom-tailored to the constant changes in your climate... because we always aim to give greater value—the high test (gravity) rating of Phillips 66 Poly Gas is right now being pushed up and up!

You know this gasoline is different, the first time you touch the starter. And every mile you drive piles up more evidence of the

benefits given by extra high test plus the added energy units supplied by the patented POLYMERIZATION process.

Say "Fill it up" to the man at the Orange and Black 66 pump and you say "Good-by" to the nuisance and damage of slow, hard, winter-starting. You get faster warm-up and smoother running. You reduce battery drain. Cut crankcase dilution. And save the miles usually wasted by overtime use of the choke.

Why wait? Today or tomorrow, the first time your gas gauge looks low, try this sensational winter gasoline. It doesn't cost a penny more than ordinary motor fuels.

### Phill-up with Phillips for Instant Starting

merican Hereford Journal for Oct. 15.

Sheffy began, in the article, by giving the beginnings of the industry in Texas in 1690 with the establishment of the Spanish missions and followed the progress of the industry through to the present.

Devoting much time and space the writer discussed the introduc-

tion of the Hereford cattle into Texas and showed how the industry was largely dependent for development upon British finances.

Tracing the movement of ranching to West Texas, Mr. Sheffy related the history of many of the early ranches of the Panhandle, and sketched briefly the dominance of the corporate interests over the

independent ranchers.

■18 years ago, the signing of the Armistice brought to a war torn world the peace which we must maintain for future generations . . . . .

## Their Choice Was Peace

For most of us, the signing of the Armistice is not yet history. It is not something of which we have read . . . something dry and dull and ponderous. It is, instead, a memory of boys returning home, of patient parents, of wives not daring to hope TOO much. It is the end of war, as we remember it. Whether future historians will take the same view, and put down November 11 as the end of world conflict, or merely shrug and write it as the end of another war, is a matter that can be decided only by those of us who live today.

## Parents Asked To Visit School During Vacation Week

The Canyon Public Schools will observe American Education Week during the week from November 9 to November 15. A special invitation is extended to all patrons of the schools and citizens of the town to visit the schools during this week, in order that they may observe the offerings and the activities of the local institutions. Plans are being made in both the elementary and the high school to accommodate everyone who will visit the schools. No special day has been set aside for visitations, but patrons are urged to come any day during the week which is most convenient for them.

American Education Week is observed annually to inform the public as to the needs, aims, and achievements of the schools. The general theme for the 1936 observance is "Our American Schools at Work." Suggested daily topics follow:

Nov. 9—The Story of the Schools.  
Nov. 10—The Changing Curriculum.

Nov. 11—New Services to the Community.

Nov. 12—The Unfinished Business of Education.

Nov. 13—Financing America's Schools.

Nov. 14—Education for Physical Fitness.

Nov. 15—Education for Character.

The observance of A. E. W. has become more widespread each year since its inauguration in 1921. A movement that causes six million adult citizens to visit the schools, carries a message of the schools to ten million laymen, and calls forth proclamations from more than thirty-five governors and hundreds of mayors, is a project which challenges the attention of the entire educational profession. These are but a few of the tangible results of the 1936 observance.

The public school system of the United States is one of its greatest

economic enterprises. It is the major interest of one-fourth of the nation's population, including teachers and pupils. Such a far-flung public service calls for the interest and attention of every thoughtful citizen if it is to succeed in achieving its purpose in a democratic society. For this reason A. E. W. is an occasion of special significance to the layman as well as to the educator.

## Safety Week

(Continued from first page)  
accidental deaths and injuries, the Red Cross is sponsoring a movement in the public schools to get each child to carry home and check, with his parents, a list of the common hazards found on the farm and in and about the home.

Each child is asked to take one of these check lists home and to fill it out with the help of his parents. It is a very comprehensive list and one that will cause us to think of hazards that we never realized existed. The child is not asked to return the list to the school; it should be used merely as a reminder to each family of the dangers that lurk about the home and the farm.

Guy Harp, chairman of the Randall County Chapter of the Red Cross, urges the people of Randall county to take recognition of this safety drive and assist in every way possible in teaching the children the value of careful living. He further states that this is a very worthwhile movement on the part of the American Red Cross and one which will doubtless result in reducing the tremendous death rate that is being caused by accidents both on the farm and in the home.

## FORMER MERCHANT IS VISITING SISTERS HERE

S. E. Roberts of Yates Center, Kansas, is here visiting with his sisters, Mrs. W. F. Heller and Mrs. John Knight.

Mr. Roberts was among the pioneer settlers of Randall county, and was in the mercantile business for many years in Canyon before the town was incorporated.

## Woods Talks On Boys' Work Tuesday at Rotary

H. D. Woods, of Lubbock, district manager of the Texas Utilities Company, spoke Tuesday at the weekly luncheon of the Rotary Club, discussing work among boys. Mr. Woods has been a scoutmaster for several years and has devoted much time to the study of boys' problems.

"There are no better judges of men than are the boys of the community," stated Mr. Woods. The men have a great responsibility as they associate with the boys of the community.

"Boys of America are very fortunate," stated the speaker as he reviewed his services overseas, and saw the boys of England, France, Belgium, Germany, and Italy. Boys of these nations have a limited field of operation; a limited number of opportunities; the fatalistic conception of life at war shall be their lot.

Leaders of boys have many trials and tribulations, and many problems to face.

Mr. Woods believes that the boys of Canyon have an unusual opportunity owing to the influence of W. T. with men of high type on the faculty and among the business leaders. "Few boys are really delinquent if they are directed and encouraged," stated the speaker.

F. A. Zimpfer of Amarillo was a visitor.

President Harry Brown announced the Poppy Sale for the American Legion Auxiliary starting Saturday. The proceeds of this sale goes to the crippled veterans and to child welfare work in Canyon.

## SAM BELLAH VERY ILL

Sam Bellah is very sick at his home on Fifth Avenue. Mr. Bellah observed his 88th birthday two weeks ago. He has been in excellent health until a few weeks ago.

Tom Knighton returned Friday from Alabama where he visited with relatives.

## Burned Man

(Continued from first page)  
and found trace of the man who had wrecked the car, evidently setting it on fire. It was found that he had reached Amarillo, but there the trail faded out. Neither the man nor the woman has been located.

J. W. "Blackie" Braswell has been identified as the fugitive. The woman was called Mabel by the two men, but has not been found.

The men had bought the car in Carlsbad, N. M., and the identity of the pair was found through this purchase.

A man came from east Texas Saturday to view the remains, who thought possibly it was his brother. Owing to the burned condition he was unable to identify the man and did not claim the body.

From information that officers have been able to secure, both Houston and Blackwell are well known characters in various sections of the southwest.

## Major Simpson To Address Schools Armistice Theme

Major E. A. Simpson of Amarillo will address the students of the Canyon schools at the high school auditorium next Tuesday afternoon at 3:00 o'clock. His theme will be Armistice. Members of the American Legion will attend the meeting, and citizens are invited by Supt. Irby Carruth.

A holiday will be observed in the school on Armistice Day.

## Homecoming

(Continued from page one)

"The greatest service that we can render—the greatest recognition of this honor—the greatest tribute we can make to those who suffered and died in the World War is a sober consideration of our sons, who may be placed in another great war, so that they may not be allowed to suffer for the aggrandizement of a few.

The speaker gave a vivid portrayal of what may be expected to happen in the event of another war with weapons of poisonous gases, airships controlled by radio, shrapnel hailstorms, and the spreading of deadly bacteria cultures. Non-combatants would suffer the horrors of a war like this as well as the men in the front line trenches.

Whole cities may be destroyed in the course of a single hour thru use of airplanes and deadly gas bombs, according to facts given by the speaker.

Clark, who was a member of the recent Senate munitions investigation committee, told of discoveries made by that body.

"There is too much emphasis on the moral horror of war, and not enough on the economic side," stated the speaker. "Economic stability depends on industrial and agricultural activity, which in turn depends on credit. Certainly the expending of from eight to ten billions of dollars a year on armaments will affect the credit.

"There can be no real recovery while the fear of war lurks in the background of national affairs."

The speaker gave reasons, in closing his speech, why sound neutrality laws must be enacted before the next war, in an effort to steer America clear of embroilments. In international relations, the senator explained, it is a breach of neutrality to change the neutrality policy.
